**4. Outdoor Seating/Outdoor Classroom**

Mr Duckworth joined the meeting and said that Mrs. Hood had consulted a contractor to prepare the area identified with wood chippings where seating could be placed with parasols and tree shade. The idea of a canopy would be far too expensive and the areas we already have are causing concern. Once the quotes come in we can consider how to raise the money. A ball park figure of £3000.00 was suggested. The committee discussed the issue and it was decided that it was an achievable figure and would be worth fund raising for. Mrs Thompson will get quotes and come back to the Committee.

Isabelle Mould kindly offered to give half of here Romanian fund raising money to this Project the Council thanked her.

Mr Duckworth said that the issues identified via the surgeries would be raised with the SLT. One particular issue was openness with regards to mental health. He assured he Council that this is an issue which is very important to the school and recently ‘Time to Talk’ was launched by Miss Palmer to open up communications just for this kind of issue.
